HOUSEHOLD SUPPORT FUND

As the cost of living is rising steeply, we're all being affected by rises in energy bills and many of us are struggling to keep up and to make ends meet. Support is available for households struggling with the rising cost of living. Households will receive a one-off award that varies depending on the current living situation, while some may also be referred by council services and partner organisations across the city. An online form has been launched for eligible residents to apply for financial support, visit derby.gov.uk/costofliving
